

***'Empowering Our Lives...
...as we Countdown to 2020'***

Two-day Seminar on

Sat 11th & Sun 12th May 2019

@ Nerang on the Gold Coast

with Maggie Kerr & Tina Mews

& guest presenter Marie Müller

The Astrological cycles of evolution are in high octane mode as we head toward the 'global re-set' on the way during 2020 through 2026. This collective process is not only being experienced on the 'dense physical plane' as the battle between the unconscious old paradigm and the emerging sustainable consciousness but is also occurring on the 'higher spiritualizing plane' as we learn to master our lower nature and work in harmony with our Soul.

Please join Maggie & Tina for this special 2-day program to share ideas & tools to identify our current 'beliefs' about our reality with the goal of healing old patterns and empowering new ones!

Saturday 11th MAY

Session 1: Maggie Saturn & Pluto in Capricorn are breaking down old structures to build new ones in both our inner & outer world. We will identify where our fears and defenses are limiting our potential for future success and what areas of our lives are ready for an up-grade!

Session 2: Tina The tension between the spiritual forces of vision (Jupiter/Neptune/Lilith) and the material forces of power and control (Saturn/Pluto) create a general climate of insecurity, fear and frustration. How can we manage these energies in our personal lives and harness its great potential?

Session 3 & 4: Maggie & Tina Exploring the Cancer 'shadow land' of Capricorn that gives rise to personal and group Soul core safety issues. How do we master and work with our lower emotional nature so we can surrender and give power and control to our Soul, and along the way contribute to the healing of the Group Soul in these transforming evolutionary times?

Tina & Maggie will both share their work with SOUL centered concepts and tools. Maggie will explore & share tools for Soul/Ego/Mind alignments, AND Tina will suggest Australian Bushflower Remedies to support healing of our lunar themes.

Sunday 12th MAY

Session 1: Maggie Jupiter in Sagittarius impels us to discover fresh purpose & meaning for our lives to underpin Saturn's structural changes. Yes it's time to live our TRUTH as we write a brand new script and connect with and release our inner Hero on our quest for an exciting future.

Session 2: Tina The Chiron in Aries transit will show us where our sense of self has been debilitated. We will explore how this little planet can be a symbolic guide for healing ourselves, others and the planet.

Session 3: Maggie & Tina Over the next 7 years, Uranus in Taurus will revolutionize the VALUES that drive us personally & collectively. We will explore the themes of FREEDOM & PROSPERITY.

Session 4: Marie Müller The mind and body are inseparably one. Marie explores 'Body Mapping' to identify the areas where the energy and intelligence in your body may be out of alignment.
